

Employee Retention Workshop Series

For many employers in and around Calgary, the labour shortage has led to increasing difficulty in finding and retaining workers. In this highly competitive environment, retaining the workers you already have is a key part of any HR strategy.

You are cordially invited to a workshop to discuss employee retention strategies for your business. The seminar will help you to:

- Develop an understanding of the best practices and tools to help your business retain workers.
- Discover new ways to increase your ability to keep employees in a hot job market and fine-tune the policies you already have in place
- Review your current plans, wage strategies and retention actions and update them.

Businesses at any stage of Employee Retention Planning are welcome. Please join us at this session to get helpful information on strategies for your business.

Agenda

7:30 a.m. - 8:00 a.m.
